GOVERNOR

BARBARA A. KRIEG
DIRECTOR

FOR IMMEDIATE RELEASE
August 6, 2014

State Offices in Hawaii County and Maui County Closed from Noon Tomorrow and All Day Friday Due to Anticipated Severe Weather Conditions (Hurricanes Iselle & Julio)

HONOLULU - State offices in Maui County – including the islands of Maui, Lanai and Molokai; and Hawaii County, will be closed on Thursday, August 7, 2014 starting at noon and Friday, August 8, 2014 all day, due to anticipated severe weather conditions and possible flooding caused by Hurricanes Iselle and Julio.

Employees affected by the closing of these offices should not report to work, except for departmental disaster/emergency coordinators, disaster response workers, and employees whose work involves continuing crucial operations and services, such as hospital and correctional workers. Employees who fall into one of these categories are required to report to work.

The Hawaii County and Maui County office closures are based on currently known weather conditions. A decision with respect to any State office closures on Oahu and Kauai is expected tomorrow.
